Experience

Skroutz S.A., Front-End Developer 🔗
Jun 2020 – Present
Athens, Greece

- Implementing the front end of product features using HTML, CSS (Sass), vanilla JavaScript, Hotwire, and React on top of our Ruby on Rails framework
- Working closely with tech leads, back-end developers, designers, and product managers
- Core member of the Skroutz UX team, where I am building accessible UI components for our Design System, while constantly advocating for it
- Mentoring junior developers

Greek Army IT Support Center (KEPYES), Front-End Developer
Nov 2019 – Jun 2020
Athens, Greece

Developed web applications using Angular on the front end and Java on the back end.

UniSystems S.A, Software Engineer 🔗
Mar 2019 – Sep 2019
Athens, Greece

Worked on web applications for the company's public sector department using technologies like Java, MS SQL Server, and JavaScript.

Braincandy S.A, Front-End Developer 🔗
Oct 2018 – Feb 2019
Athens, Greece

- Static websites development using HTML5, CSS3 and JavaScript
- Built an e-shop widget with React for product ratings and reviews
- WordPress site and theming

UniSystems S.A, Software Engineer Intern 🔗
Jul 2018 – Sep 2018
Athens, Greece
